

Dixie County School Superintendent Mark A. Rains recently received the 2008-2009 Superintendent's Award for Volunteer/Community Involvement. This award was presented to Superintendent Rains by the Florida Department of Education and Florida Association of District School Superintendents.

Although Superintendent Rains is amid his first year in office, he is not new to encouraging community stakeholders to participate in the educational process of students. He is accustomed to motivating participation in any endeavor that occupies his attention, and that is on all students in Dixie County and their best interests. Community involvement is critical to our school district's success and will continue to be one of his priorities.
