

2011 Stanford 10 Scores Up Across District

Last April, Kindergarten through second grade students underwent the annual assessment of the Stanford Assessment Test (SAT10). Last week, districts received SAT10 results. Both elementary schools have shown tremendous growth in both reading and math when compared to last year for Kindergarten through second grade as indicated in the chart below. Superintendent Rains is extremely proud of these results and would like to congratulate students, parents, teachers and school officials for their dedication to academic success.

2011 SAT 10 Results

School	Grade	2011 Reading	2011 Math (PR)	2010 Reading	2010 Math
